

## TasmaNet Business Plus Internet

### INFORMATION ABOUT THE SERVICE

#### WHAT IS THE SERVICE?

TasmaNet Business Plus Internet services use nbn™ Fixed Line (HFC, FTTN, FTTC, FTTB, FTTP) network connection technology to deliver broadband to customer premises.

#### AVAILABILITY

Check service availability at your business address by visiting [www.tasmanet.com.au](http://www.tasmanet.com.au).

SERVICE NAME	nbn SPEED TIER <sup>1</sup>	Availability by nbn™ Connection Type <sup>2</sup>		
		HFC	FTTN/C/B	FTTP
Business Plus 50	50/20	YES	YES	YES
Business Plus 100	100/40	YES	YES	YES
Business Plus 250	250/100			YES

#### SERVICE SPEED & PERFORMANCE

<sup>1</sup> Speed Tier' refers to the maximum theoretical download and upload speeds that can be delivered over the nbn™ wholesale speed tier used for each service. Speeds can be affected by factors within our control, such as the Contention Ratio of the service, and factors beyond our control, such as the content being downloaded by the end-user, your distance and the quality of the copper from the node or basement for FTTN, FTTC, and FTTB services, the location of your Wi-Fi router/modem, and the number of connected devices running through your router at the same time.

<sup>2</sup> TasmaNet will not activate services on nbn™ wholesale speed tiers where actual service performance at the location is unlikely to meet the customer's expectation. TasmaNet will also provide remedies to customers not able to achieve expected service performance, including the opportunity to move to an alternate service or to cancel the service without penalty.

#### EQUIPMENT & WARRANTY

Business Plus Internet services require a suitable modem. You can purchase a WiFi router/modem from TasmaNet or supply your own. If you choose to supply your own modem you are responsible for ensuring that the device meets the required standard, is installed and configured correctly, and acknowledge that the TasmaNet Service Desk is not able to provide support for non-TasmaNet supplied or approved equipment. TasmaNet supplied equipment is covered by the manufacturer's warranty.

Optional on site installation by TasmaNet or one of our local partners will incur an additional charge. One off charges, such as modem purchase or installation, may be applied prior to service activation.

#### MINIMUM TERM

Business Plus Internet services are month-to-month with no fixed subscription term. Service cancellation requires 30 days notice and any charges already paid are forfeited on cancellation.

#### INCLUDED FEATURES

Business Plus Internet services include unlimited data allowances, extended support hours, a 12 hour enhanced nbn™ service restoration SLA, and a static IP address.

#### OTHER SERVICES

Business Plus Internet services can be bundled with optional TasmaNet cloud solutions including digital voice (SIP and vPABX), data backup, security, and software subscriptions. These optional services incur additional charges. Visit [www.tasmanet.com.au](http://www.tasmanet.com.au) or call us on 1300 792 711 for more information.

## INFORMATION ABOUT PRICING
